

DESIGNER FIBERGLASS

8' Horizontal V-Groove panel, Natural Oak finish, Vertical windows

DOOR FEATURES

Pinch-Resistant Door Panels

Help prevent finger injuries while the door is closing. Snug fitting tongue-and-groove section joints reduce wind and weather from entering the garage.

Foamed-In-Place Polyurethane Insulation

Provides thermal efficiency with an R-value* of 7.6, helps block street noise and makes the door operate more quietly.

Bottom Weather Seal

This bulb shaped seal blocks draft and debris from entering the garage.

- **High Cycle Spring Option**
Choose a 25,000 cycle spring for more than twice the life of a standard torsion spring
- **TorqueMaster® Plus Counterbalance System**
Contains springs safely inside a steel tube to prevent accidental release of tension that could cause injury and features anti-drop safety technology
- **Wind Load Options** 
Model 9800 is available with hardware and reinforcements to comply with building codes in regions with high winds
- **Limited Lifetime Warranty**

*Wayne Dalton uses a calculated door section R-value for our insulated doors.

**Available for Vertical Raised, Horizontal Raised and Horizontal V-Groove panels up to 9'x8' and Sonoma panel up to 9'x7'.

Sonoma panel, Glacier White finish, Stockton I windows

**Engineered to be maintenance free for easy-care living,
Model 8700 won't rust, fade, crack or dent.**

DOOR FEATURES

Foamed-in-place polyurethane insulation

with an R-value of 11.75* is permanently bonded to the vinyl skin for thermal efficiency, durability and added rigidity.

Twin 20-gauge steel C-channels run full length of each panel and are anchored to interior steel stiles for strength.

- Durable door construction**
PVC color construction means scratches are less visible because the color goes all the way through the material. The UV-Resin used in the door's construction contains special polymers that protect the door from the sun's harmful ultraviolet rays. Ideal for coastal regions for its resistance to salt air and sand.
- TorqueMaster® Plus Counter Balance System**
Contains springs safely inside a steel tube to prevent accidental release of tension that could cause injury and features anti-drop safety technology.
- High Cycle Spring Option**
Choose a 25,000 cycle spring for more than twice the life of a standard torsion spring.
- Wind Load Options**  
Available with structural reinforcements for use in coastal or high wind region.

- 15 Year Limited Warranty**

*Wayne Dalton uses a calculated door section R-value for our insulated doors.
